#### A BAD WEATHER RECORD.

### Elements This Season.

Chicago, May 29.-Rain and cold weather have caused 102 baseball games to be postponed in the Nation-al, American and Federal leagues since the start of the season six weeks ago, according to figures compiled here today. The figures set a record for major league postponements.

The Federal organization suffered heaviest—45 games postponed; the National league, twenty-nine, and the American twenty-eight. In Chicago the Federals have been obliged to postpone eight of the last sixteen scheduled games. The Western scheduled games. The Western league has also been hit hard in the matter of postponements.

### TODAY'S MARKET REPORT.

of better weather gave the bears an advantage today in the wheat market here.

Lower quotations from Liverpool tended also to favor the selling side. In addition the fact that high premiums for May delivery would end today acted as a decided handicap to the bulls. Opening prices, which ranged from ½c to 1½c lower were followed by material declines all around.

Absence of export colling side. Amaidian Pacific. which ranged from 1/2c to 11/2c lower were followed by material declines all around. Absence of export call resulted later in a more pronounced setback. Offerings of May, however, were scarce near the end of the session and there was a sharp rally in that option. The market closed unsettled at 1/2c to 2/4c under last night. CORN—Corn receded with wheat. Indications of improved conditions counted further toward easing prices off. The market, after opening 1/2c down to a shade advance, underwent a moderate general sag.

No reaction ensued until near the close. Prices finished easy at 1/2c to 1/2c net decline..

OATS—Traders in oats took their cue from other cereals. There was a fair volume of business.

PROVISIONS—Provisions beld about steady. What action there was in prices appeared to depend chiefly on the course of the hog market.

John Inglis wired from Hopkinsville, Ky. "All fields examined yesterday were invested with Hessian files and they are doing great damage. A large area was plowed under two weeks ago and planted to corn. The crop is fully two weeks late."

"In this territory there is lots of poor wheat and many perfect fields," reported Le Count from McPherson, Kan. "All have improved in the past week. Considerabley heavy wheat has lodged, but I think it will rise when weather clears. This is one of the bad spots of the state, but promises about 13 bushels to the acre."

A report from McPherson, Kan., says: "Damage from Hessan files is not as great as was reported a short time ago and McPherson county expects another big wheat harvest. The area reported by assessors is 193,282, nearly 1,000 acres more than a year ago, and 10,500 acres more than estimated in Secretary Mohler's report."

"Careful investigation shows native wheat stocks of 64 million bushels," said a cable from France "It is evident that this will more than meet reulrements until August. The government price paid for cammandeered wheat was 55 shillings per 480 pounds (\$1.67 a bushel). Wall St., New York, May 28.—STOCKS—Trading in stocks was almost at a standstill today, the impending holidays coupled with the probability of the publication of Germany's reply in the interim, making for increased caution. Prices tended lower in the early dealings, war shares and other specialties scoring declines of 1 to almost 3-points. United States Steel flutuated within a point and other favorities moved more narrowly. Rending and Rock Island fell a point and Missouri Pacific steadled on further deposits of notes under the extension plan. The list showed general improvement later. The closing was firm. Bonds were easier.

Announcement that the German reply to Washington's note is probably to be issued tomorrow caused a further halt in the stock market today. The opening was irregular and void of feature, except for a decline of one point in Rock Island and 1½ in ButterSuperior, which yesterday declared at large "extra" dividend. War shares, Ikke Crucible Steel and Westinghouse, lost substantial fractions and the usual leaders, including United States Steel, Union Pacific, Reading and Amalgamated Copper rose and fell within a narrow rauge. We inaugurate another attractive feature to our already popular economic and efficient system, it involves no change of policy, no change of price of goods-simply a profit participating proposition with our patrons which we believe will be very much appreciated.

We will close our store at 11 a. m. on Monday in

recognition of Memorial Day. Wm. Green & Son QUALITY CASH GROOM
